GROUP MEMBERS:

ENROLLMENT NO.	NAMES
<u>Student 1619297</u>	<u>Muhammad Saifullah Siddiqui</u>
<u>Student 1620026</u>	<u>Ghazali khan Attari</u>

CERTIFICATE OF RECOGNITION:

in acknowledgment of their **exceptional efforts and dedication**
demonstrated in the successful completion of the EProject titled: **TANGOLINE**
as part of the **First Semester in [CPISM]**.

This recognition celebrates the recipient's **creativity, problem-solving skills, and outstanding teamwork**, all of which played a vital role in the project's success. Your **commitment to excellence and innovation** has set a standard for your peers and reflects a true passion for continuous learning and development.

Your contributions have not only showcased **technical proficiency**, but also highlighted your ability to collaborate effectively, think critically, and approach challenges with a proactive mindset.

Presented On: APRIL 18, 2025

Authorized By: SIR MAAZ RAHIM KHAN

ACKNOWLEDGEMENT:

Acknowledgment

We sincerely thank everyone who helped make this project a success.

A special thanks to Sir Maaz Rahim khan for their valuable guidance and support throughout the process.

We are also grateful to our team members for their hard work, dedication, and teamwork, which made this project possible.

Our heartfelt appreciation goes to our families for their love and support, keeping us motivated along the way.

Lastly, we thank everyone who provided us with the resources and opportunities needed to complete this project.

Thank you!

Problem Statement: Tangoline Inc. is selling Video Games, Game Consoles etc.

Company is into selling these products for last 10 years. They have a wide range of games. The company advertises by distributing the pamphlets, advertising on television and so on. Due to rapid development in internet field, the company decides to launch a website where people will get all the information about the various products available with them easily.

Requirement Specification:

The Web site is to be created based on the following requirements.

- 1) Home Page should contain logo of the site with proper sections and details of games and consoles with suitable images.

- 2) The site should display a menu which will contain the options for brief introduction about the various games and console available, location of the shop and any other information if required.
- 3) The information should be categorized according to the brand names of the products like if a User wants to see only “SONY” products or any other companies products then he/she can click on a Link/button/menu etc and can see only that Brand products.
- 4) Another category option for Consoles and Video Games should be created and accordingly the products should be listed.
- 5) When a user selects any particular brand, a list of products for that brand will be displayed
- 6) A brief summary of features of individual products should be displayed on the Web Page along with the product but detailed Features should be stored in Individual Word documents which can be downloaded or viewed by the User who wishes to see the same.
- 7) The user should also be able to compare the various products of different as well as similar brands.
- 8) There should be a “Contact Us” page which will have the Address of the Company which is as follows and the mail address which when clicked will invoke the local mail client from where they can send an email.
